TIGWELD®

WHEN **QUALITY** MATTERS

Welding & Safety Equipments

A QUALITY PRODUCTS FROM AN ISO9001 : 2008 COMPANY

TIGWELD® is a renowned brand in today's market having served the market for more than 25 years and also undisputed leader in the design and development of a massive range of Welding & Safety Equipments for the purpose of MIG, TIG, ARC, PLASMA, GOUGING, GAS Welding and Cutting.

The organization was formed and established under a highly reputed name. Today, it has successfully established itself as a Marketer and Importer of Welding & Safety Equipments.

We operate in all types of Welding Equipments & Accessories along with all the spares and Safety Equipments. We deal in the best quality welding and safety products from our extensive business network spread nationwide and make it available to our customers at a very competitive price with huge readily available stock. With this our customers get flexibility, variety, convenience and customized products to their total satisfaction.

We are now much more energetic and passionate towards business needs and we believe that our young and fresh outlook will help in providing new and innovative business solutions for our customers.
